

WV Entities Eligible for US DOE EECBG Directly (not for the WV program)

In West Virginia, 20 entities have been allocated formula funding directly from the US Department of Energy (US DOE); therefore, they are INELEGIBLE for the West Virginia Competitive EECBG program. These include the 10 cities and 10 counties.

Counties	Cities
Berkeley County Cabell County Harrison County Jefferson County Kanawha County Mercer County Monongalia County Putnam County Raleigh County Wood County	Beckley City Charleston City Clarksburg City Fairmont City Huntington City Martinsburg City Morgantown City Parkersburg City Weirton City Wheeling City

For more information on the US DOE program eligible entities, please visit [here](#) and for program information [here](#).
